THE ACADEMY

Governor Dummer is the oldest boys' boarding school in the United States. It was founded in 1763 under the will of Lieutenant Governor William Dummer of the Massachusetts Bay Colony who left his farm and colonial mansion, both still a part of the school property, to three trustees with directions to build a grammar schoolhouse. In this now restored schoolhouse Samuel Moody, during the 27 years of his headmastership, trained twenty-five percent of the boys who graduated from Harvard and many leaders of the new nation.

Since its incorporation not for profit in 1782, the Academy has been owned by a self-perpetuating Board of Trustees. It owes its present position among the nation's boarding schools to the continuing devotion of its trustees and faculty and particularly to Dr. Charles S. Ingham, Headmaster from 1907 to 1930, and to Dr. Edward W. Eames, Headmaster from 1930 to 1959.

In 1913, at the celebration of the Academy's sesquicentennial, Dr. Ingham expressed the philosophy of the school from its founding to the present when he said, "This is not a factory for the grinding out of graduates but a school where we believe the mastery of the elements and the development of the power of thinking are of paramount importance."

The Academy conceives its function to be the providing of a dedicated and able faculty, modern equipment, a congenial atmosphere, and a standard of excellence which will inspire boys to value thorough learning and to develop a lively sense of responsibility to themselves and the community.

BOARD OF TRUSTEES

MARSHALL B. DALTON *Brookline*

FACULTY — 1959-1960

- VALLEAU WILKIE, JR. *Headmaster*
Yale 1948, A.B.; Harvard 1954, M.A.
Appointed July 1, 1959.
- ROBERT EDWARD ANDERSON *Biology,
General Science*
Kenyon 1957, A.B.
Appointed September, 1957.
- JAMES MELIUS BARRISKILL *Latin, Spanish*
Hobart 1929, A.B.
Appointed September, 1949.
- JOSEPH LEXINGTON COOLIDGE *Mathematics*
Williams 1954, A.B.
Appointed September, 1954.
- EDWARD WEBSTER DANN *Mathematics*
Lehigh 1952, B.S.
Appointed September, 1955.
- EDGAR DANIEL DUNNING *Mathematics,
Business Manager*
Union 1924, B.S.; Princeton 1925, M.A.
Appointed July, 1930.
- EDWARD ASHLEY EAMES, II *History,
Admissions Officer*
Amherst 1953, A.B.; Harvard 1958, Ed.M.
Appointed September, 1956.
- GEORGE HEBERTON EVANS, III *Mathematics*
Princeton 1949, A.B.
Appointed January, 1949.

- JOHN ALFRED FENN *Chemistry*
 Rutgers 1938, B.S.; Boston University 1953, Ed.M.
 Appointed September, 1956.
- ROBERT FRIEND, III *English*
 Dartmouth 1958, A.B.
 Appointed September, 1958.
- JOHN ROBERT HOMER, III *English*
 Amherst 1957, A.B.
 Appointed September, 1958.
- JOHN DANIEL MARR *English, French*
 Williams 1954, A.B.; Harvard 1955, M.A.
 Appointed September, 1955.
- THOMAS MCCLARY MERCER *English*
 Centre 1924, A.B.; Harvard 1930, M.A.
 Appointed September, 1930.
- DOUGLAS LEE MILLER *Physics, Mathematics*
 Amherst 1950, A.B.
 Appointed September, 1954.
- A. MACDONALD MURPHY *English*
 Harvard 1929, A.B.
 Appointed February, 1931.
- HOWARD JULIUS NAVINS *Latin*
 Williams 1935, A.B.; Columbia 1937, M.A.
 Appointed September, 1936.
- ROY AUGUST OHRN *French, Spanish*
 Clark 1934, A.B.; University of Dijon 1937;
 Middlebury 1937, M.A.
 Appointed September, 1941.

- DUANE ALAN PALUSKA *English*
 Knox 1958, A.B.
 Appointed September, 1959.
- ARTHUR WOODBURY SAGER *Public Speaking*
 Bates 1926, A.B.
 Appointed September, 1930.
- WILLIAM HARTLEY SPERRY *History, Spanish*
 Gettysburg 1950, A.B.; Duke 1953, M.A.
 Appointed September, 1954.
- BENJAMIN JOHNSON STONE *Mathematics,
 Director of Studies*
 Hamilton 1932, A.B.
 Appointed September, 1932.
- PETER RAY SUTTON *Administration*
 Bates
 Appointed September, 1957.
- ESTHER DIKEMAN THURLOW *Librarian*
 Bryn Mawr 1928, A.B.
 Appointed September, 1957.
- ELLIOTT CORBETT TROMMALD *English, History*
 Yale 1959, A.B.
 Appointed September, 1959.
- DAVID MICHAEL WILLIAMS *English, History*
 Franklin and Marshall 1950, A.B.;
 University of Pennsylvania 1951, M.A.
 Appointed September, 1951.
- JOHN JAMES WITHERSPOON *Director of Admissions*
 Harvard 1937, A.B.; 1940, LL.B.
 Appointed September, 1947.

Parsons Schoolhouse seen between Noyes Library and
Lang Gymnasium.

The Mansion House has been the Headmaster's home since 1763.

RELIGION

While Governor Dummer is non-sectarian and welcomes boys of all faiths, we firmly believe that religion should be an integral part of a boy's moral training. Each Sunday the school chaplain conducts a non-denominational service. Occasionally the sermon is delivered by a visiting minister or educator or by a faculty member. The chaplain is available to the boys during the week to provide guidance and counsel. The Religious Discussion Group, seniors chosen to represent a variety of faiths, meets each week, and student delegates from Governor Dummer attend the Northfield Religious Conference each year.

COURSE OF STUDY

The course of study covers the four years of high school, 9th through 12th grades, and is designed to prepare boys for any college, liberal arts or engineering. Class sections are kept small, averaging thirteen or fourteen boys. We maintain flexibility in each boy's program, designing it to fit his needs and wants.

There are five major fields into which the course of study is divided, with sections being provided in many courses to challenge boys to advance according to their ability and previous training.

English

All regular English courses stress composition; weekly themes of several hundred words, or their equivalent in longer papers, are assigned. The reading of prose, poetry, and drama is included in the study of literature, and an intensive study of formal gram-

mar in the freshman year is supplemented by a review of grammar in each succeeding year.

More than the conventional amount of time is devoted to English at Governor Dummer. In addition to the regular 9th-grade course in *English 1*, about three-quarters of the freshmen take an additional course in *Language Study* to gain further training in composition, vocabulary, spelling, reading, and precis writing. At the sophomore level the full-unit course in *English 2* is supplemented by a required half-unit course in *Vocabulary Building* which provides, among other things, training in developmental reading by use of the Purdue Reading Films. A special feature of *English 3*, the regular 11th-grade course, is the concentration of the reading around the central theme of the American Civil War. In addition to the regular *English 4* course for seniors, there is an advanced senior course, *English 4A*, based on a study of "The Great Books." All junior and senior classes are conducted as seminars.

A half-unit course in extemporaneous *Public Speaking* is required of all seniors.

Mathematics

Mathematics 1 at the 9th-grade level is a course in first-year algebra. In *Mathematics 2* (10th grade) and *Mathematics 3* (11th grade) the study of plane geometry and of second-year algebra is combined in a two-year integrated course. *Mathematics 4* includes plane trigonometry and selected topics from solid

geometry, advanced algebra, analytical geometry, and calculus. A small section of *Algebra 2* is offered for students who enter with adequate knowledge of one year of algebra and one year of plane geometry. A course in advanced mathematics for those who have completed Mathematics 4 is being planned and will be first offered in 1962.

Foreign Language

The majority of the boys study both Latin and a modern foreign language. Although it is not required for a diploma or for college admission, the study of Latin, in addition to providing cultural background, is of great practical value to the students in their English and modern-language work. Three years of Latin are offered.

Modern foreign languages offered are the following: French - 4 years; Spanish - 3 years; German - during 1960-61 first-year German will be offered to start a projected three years.

The beginning courses in each language are conducted partly in English, partly in the foreign language involved, for we believe that there will be more understanding if some of the explanation is done in English. In succeeding courses increased emphasis is placed upon oral work in order that the boys may be trained to speak and understand, as well as to read and write, a language not their own.

History

Four courses are offered in this area. *Ancient History*, a freshman course, is a survey of civilizations

from the prehistoric era to the fall of the Roman Empire. *Civics*, normally a sophomore course, is concerned primarily with the structure and operation of the United States Government. *Modern European History*, the junior course, surveys the political, economic, and social developments within the various countries of Europe, their relationships with each other and with the rest of the world from 1603 to the present. It is designed to provide background essential to an understanding of international affairs. All seniors are encouraged to take *United States History*. Planned to provide the boy with the significant facts about his country's history and to train him in organizing and interpreting them, the course emphasizes constitutional and diplomatic history and relates the development of this nation to developments in other parts of the world. Extensive outside reading and the writing of term papers are required.

Science

At the freshman level a half-credit course, *General Science*, is offered. It is a survey course which stresses the fundamentals of the scientific approach to material phenomena and introduces the boys to the problems explored in more detail in the upper-level courses. *Biology* is primarily a sophomore course but may be taken by juniors and seniors in a section which does more advanced work including research projects. The boys study both plant and animal life and spend about one-half of the year on human anatomy and physiology. *Chemistry* is offered to juniors and seniors. The course is centered on the theory of ionic and cova-

lent bonding of chemical compounds and its application to their chemical and physical behavior. The *Physics* course is ordinarily taken only by seniors because of the amount of mathematics involved. It includes the study of heat, light, sound, mechanics, and electricity with stress on the wave theory of the physical aspects of matter. Individual projects for each student are part of the course.

Biology, Chemistry, and Physics all involve double laboratory periods, outside reading, and term papers.

Miscellaneous

A half-unit elective course in Machine Shop, meeting on Saturdays only, is open to all students.

A half-unit of academic credit is given for participation in the Senior Glee Club. Private instruction in piano and in certain other instruments can be arranged on request.

The academic facilities include a library of about 6,800 volumes, separate laboratories for Chemistry and Physics, a combination laboratory-classroom for Biology and General Science, a science lecture room, two seminar rooms, twelve classrooms, an audio-visual room, and two study halls.

WORK PROGRAM

All boys take part in the work program. Each one takes care of his own room, helps in cleaning his dormitory, and takes his turn waiting on tables and working in the pantry. Besides these regular jobs, a

boy may be a member of the staff of the school store, the athletic stockroom, the library, or the post office. He should expect to be called upon to help in other ways when and where he is needed.

GUIDANCE AND COUNSELING

All masters expect to counsel boys and any master may advise a boy, depending upon the problem involved. The corridor master usually acts *in loco parentis* in everyday matters. The school chaplain provides guidance on spiritual problems and the Headmaster is sought by, and seeks out, boys on problems of all sorts. Academic guidance is the province of the Director of Studies, who handles college placement and is advisor to seniors. He is also chairman of a committee of experienced faculty members who act as academic advisors, one at each grade level.

HEALTH

Two experienced trained nurses are in residence at the school infirmary. The Anna Jaques Hospital in Newburyport, ten minutes away, is available in emergency cases. This hospital is recognized as a Grade A institution by the American College of Surgeons. The school physician is on call at all times and visits the infirmary daily when any boy needs attention.

All boys are instructed to report any sickness or accident to the nurses. It is our policy to call the school physician in all cases about which there is doubt in the nurses' minds. Care is taken to report to parents all illnesses and accidents which are not trivial. In some cases we make the first report by telephone or telegraph.

ATHLETICS

Governor Dummer has a vigorous athletic program in which all boys are required to take part under the coaching and supervision of the masters. Each boy is expected to contribute to the full extent of his natural ability, and, to make this possible, a sufficient number of squads is provided in each sport to permit the boy to compete at his own level. Games with teams from other schools are arranged for virtually all squads. Although the various teams may compete with a wide variety of schools, the schools which they most often meet are indicated by the 1960 varsity football and soccer schedules set forth below.

Varsity Football

St. Sebastian's Country
Day School
Moses Brown School
Browne and Nichols School
Milton Academy
Groton School
St. Mark's School
Belmont Hill School

Varsity Soccer

Phillips Academy, Andover
Noble and Greenough School
Browne and Nichols School
Brooks School
St. Paul's School
Milton Academy
Belmont High School
Tabor Academy
Medford High School
St. Mark's School
Middlesex School
Belmont Hill School

The fall sports are football and soccer. In the winter the boys may choose among basketball, hockey, track, and wrestling. Baseball, golf, lacrosse, tennis, and track are the organized sports in the spring.

Recreational golf, tennis, skating, and skiing are available for spare time in season, and optional Sunday ski trips to the snow country in New Hampshire

are organized under the supervision of a master. The Ould Newbury Golf Club maintains a good nine-hole course on land which is rented to the Club by the Academy. The arrangement provides that Governor Dummer boys who wish may enjoy the privileges of the course by paying to the Club a nominal fee of \$12 tax included. An active Rifle Club shoots on the school's target range on Saturday and Sunday afternoons, again under faculty supervision.

Governor Dummer's athletic plant includes two gymnasiums; four football and lacrosse fields; three soccer fields; three baseball fields; a quarter-mile cinder track with a 220-yard straight-away, and appropriate run-ways and take-offs for field events; two hockey rinks, including an artificial ice rink now under construction; six all-weather tennis courts; and access to the Ould Newbury golf course.

SENIOR COUNCIL

Near the end of each school year the junior class elects from its number members of the Senior Council who throughout the following year have real responsibility in supervision of study halls, the library, and the dining room, and who act with the administration in matters of discipline and morale.

The Phillips Building contains offices, dining hall,
and dormitory rooms.

The Frost Building houses laboratories, classrooms,
and the library.

ACTIVITIES

Boys are encouraged to participate in extracurricular activities in the time not absorbed by their studies. The following are available:

Clubs

Senior Glee Club for seniors and juniors
Junior Glee Club for sophomores and freshmen
Art Club
Camera Club
Creative Writing Club
Debating Club
Fishing Club
Radio Club
Religious Discussion Group
Rifle Club

The Academy is glad to foster new and perhaps informal organizations, such as the current jazz band, if there is sufficient interest.

Publications

The Governor, the student newspaper
The Milestone, the year book

Dances

The school sponsors two dances, one during the winter term and one during the spring term. Each Glee Club has four joint concerts with girls' schools and a dance follows each of these concerts. Each year there are varying numbers of invitations from nearby girls' schools to supply groups of boys for dances at those schools.

WEEK-DAY SCHEDULE*

| | |
|--|-------------|
| Breakfast | 7:25 |
| Room inspection; work period | 8:00- 8:15 |
| Day Student attendance check | 8:10 |
| 1st period | 8:25- 9:10 |
| 2nd period | 9:15-10:00 |
| 3rd period | 10:05-10:50 |
| 4th period | 10:55-11:40 |
| Luncheon | 11:50 |
| 5th period | 12:45- 1:30 |
| 6th period | 1:35- 2:20 |
| Athletic period | 2:45- 4:35 |
| Day students leave | 5:00 |
| Study period | 5:05- 5:50 |
| Dinner | 6:00 |
| Evening meeting (Tuesday and Friday) | 7:15 |
| Evening study hall | 7:40- 9:30 |
| Lights out for freshmen and sophomores | 10:10 |
| Lights out for juniors | 10:30 |
| Lights out for seniors | 11:00 |

*On Wednesday, the class periods are shortened and the athletic period lengthened.

VACATIONS AND WEEK-END PERMISSIONS

In addition to the regular vacations at Christmas and in early spring, there is a Thanksgiving recess extending from Wednesday morning to Sunday evening, and a "Winter Week-end" extending from Friday morning to Monday evening in mid-February. If a boy's scholastic effort is satisfactory, he may also secure a week-end permission about once each term to go

home, to visit relatives, or to visit another boy's family. There are three terms in the school year.

VISITS TO SCHOOL

Parents are welcome at Governor Dummer at any time, and especially for games, concerts, or Sunday chapel. Sunday afternoon is a particularly good time for visits since that is the time when boys are least likely to have engagements. On Saturday or Sunday when other appointments do not conflict, boys may obtain permission to leave the campus for a stated period of time with their parents or other adults and to miss either the mid-day or the evening meal. The school will use its discretion as to the number of such permissions granted each term.

COLLEGE ADMISSION

Governor Dummer prepares its graduates for a wide variety of colleges in all parts of the country. In the five years 1955-1959, there were 280 boys graduated, 272 of whom, or slightly over 97 per cent, moved on to institutions of higher learning. Colleges which received five or more boys, with the number received, are the following:

| | | | |
|------------|----|-----------------------------|---|
| Harvard | 28 | University of Pennsylvania | 7 |
| Dartmouth | 17 | Colby | 6 |
| Brown | 16 | Denison | 6 |
| Amherst | 13 | St. Lawrence | 6 |
| Princeton | 13 | University of Vermont | 6 |
| Yale | 13 | Bowdoin | 5 |
| Hamilton | 13 | Haverford | 5 |
| Middlebury | 8 | University of New Hampshire | 5 |
| Trinity | 8 | Ohio Wesleyan | 5 |
| Kenyon | 7 | Washington and Lee | 5 |
| | | Williams | 5 |

EXPENSES

For a *boarding* student the necessary unavoidable charges are the following:

Tuition, room and board: — \$2,300 per year, payable in three installments (on or before opening day in September, December 1, and February 1), or through the Insured Tuition Payment Plan, details of which are available on request.

Medical fee: — \$30 per year. This fee is required for all boarding students and is payable on or before the opening day of school. It covers all expenses incurred *at the school infirmary*, — for treatment of illness or accident, including outpatient treatment, residence and nursing care in the infirmary (up to 7 days per illness), ordinary medicines, and the services of the school physician.

Athletic fee: — \$45 per year.

Miscellaneous: — \$50-\$75 per year. This will include the cost of books and school supplies, diagnostic tests, athletic equipment not provided by the school and which the boy does not have already, bus fare to church if the boy attends church off campus, and College Board examination fees for upperclassmen.

For a *day* student the annual tuition is \$750, payable in three installments or through the Insured Tuition Payment Plan. The athletic fee and unavoidable miscellaneous expenses are the same as for boarding students, and, in addition, day students will be charged for luncheons five days a week at 75c per luncheon.

For both boarding and day students there are certain optional school expenses and personal expenses. These might include subscriptions to the student publications, the annual spring and winter dances, optional bus trips, laundry and pressing clothes, \$2 or \$3 weekly allowance, and health insurance or actual medical expense not covered by the medical fee.

The school does not charge for the weekly Saturday evening entertainment nor for lectures or concerts at the Academy. There are no laboratory charges. The athletic department provides all uniforms, except shoes, for all boys young and old. All boys' room furnishings, except blankets, are provided by the school.

ADMISSION

Because of the limited number of places available for new boys each year, we cannot accept every applicant who meets the minimum scholastic requirements. Selection is based on character, seriousness of purpose, and upon scholastic record and promise. The Academy is interested in having qualified students from all sections of the country. No new students other than exchange students are admitted to the senior class, and candidates are advised to enter as early in the four-year course as possible.

A Preliminary Application card is enclosed. Parents who wish their sons to become candidates are asked to fill out and return this card. This does not commit parents, but does insure that they will be notified at the proper time of further steps in the admissions procedure. Normally these steps will include

filing a Final Application and having the candidate take the nationally-administered Secondary School Admission Tests.

For boarding candidates there is no deadline for filing the Final Application, but in order that it may receive full consideration, we recommend that it be completed and returned to us as soon as it is received from the school. We recommend that boarding candidates take the Secondary School Admission Tests in December.

Day students are accepted only if they live in the following areas:

Newbury, Newburyport, West Newbury, Rowley, Salisbury, and that part of Georgetown in the Byfield Parish.

Day-student candidates are required to take the Secondary School Admission Tests in December.

We urge candidates and their parents to visit us by appointment, either before or after a Preliminary Application is filed, in order to have a personal interview and to see the Academy.

SCHOLARSHIP AID

Insofar as possible we provide scholarship aid to deserving and well-qualified boys. There is no set schedule of scholarships, the awards depending upon the strength of the boy's qualifications and his financial need. Parents applying for such aid are asked to fill out a special form which will be sent if requested on the Final Application for admission. Both boarding

and day students may qualify for regular scholarship aid.

As a service to the community, the Academy offers full-tuition scholarships to day students who qualify under its Town of Newbury Scholarship plan. To win one of these scholarships a boy must:

1. Qualify for admission in the day-student competition.
2. Have lived in the Town of Newbury or the Parish of Byfield for two full years prior to opening day in the September of his entrance into the Academy.

GEOGRAPHICAL DISTRIBUTION

For the school year 1959-1960, the Academy opened with 198 boarding boys enrolled from 17 states, the District of Columbia and five foreign countries as follows:

| | | | |
|----------------------|-----|--------------|----|
| California | 5 | New Jersey | 6 |
| Connecticut | 7 | New Mexico | 2 |
| District of Columbia | 3 | New York | 26 |
| Florida | 3 | Ohio | 1 |
| Illinois | 3 | Pennsylvania | 5 |
| Iowa | 1 | Rhode Island | 4 |
| Maine | 10 | Texas | 2 |
| Massachusetts | 100 | Canada | 2 |
| Michigan | 1 | England | 1 |
| Minnesota | 2 | Guatemala | 1 |
| New Hampshire | 11 | Trinidad | 1 |
| | | Uruguay | 1 |

CALENDAR FOR SCHOOL YEAR 1960-1961

| | |
|------------------------|--|
| Opening Day | Wednesday, September 14 |
| Parents' Day | Saturday, October 29 |
| Thanksgiving Vacation | Wednesday, November 23- Sunday, November 27 |
| Christmas Vacation | Friday, December 16- Wednesday, January 4 |
| Winter Week-end | Friday, February 17- Monday, February 20 |
| Spring Vacation | Saturday, March 18- Wednesday, April 5 |
| Commencement Exercises | Friday, June 2- Saturday, June 3 |

TRAVEL DIRECTIONS

The Academy is readily accessible by automobile, being located on U. S. Route No. 1 four miles south of Newburyport. Its railroad station is Newburyport, and most of the Greyhound buses which run between Boston and Portland, Maine, stop at the school on request. Logan International Airport at Boston is the most convenient airport handling commercial planes. Those travelling by private plane may find Plum Island Airport, just outside of Newburyport, more convenient.

TELEPHONE NUMBER

The school is served by the Newburyport, Massachusetts, telephone exchange. The number is HOmestead 2-6643.

A Physics class in the Science Lecture Room.

The living room in Moody House, a freshman dormitory.

The Alumni Gymnasium.
